

Bae's Carnival

A Luxury Carnival Experience

Our band was created to produce luxury experiences both locally and internationally through costume designs, events and of course the carnival road experience.

This road experience will include premium drinks, top tier security and meals to entice the palate alongside a unique costume design for our future masqueraders.

We aim to have lots of surprises and new, never before seen features on the road in order to become the #1 Luxury Mas Band

Annually we'll be participating in four(4) major carnivals

Trinidad

Jamaica

Barbados

Miami

Apart from our mas band production, we also would like to offer costume design and production to other bands regionally and internationally as we expand our horizons.

ISLANDS SOIREE

"Island Soiree" as a Carnival theme in the Caribbean embodies a stylish and lively celebration that embodies the unique essence of island life and culture. This theme can be expressed through a variety of costumes representing different Caribbean countries, including Jamaica, Trinidad & Tobago, St. Lucia, Barbados, Grenada, St. Vincent, Bahamas, Antigua & Barbuda, and St. Kitts and Nevis. Each costume from these sections should showcase the distinct cultural identity and traditions of its respective country within the vibrant tapestry of Caribbean Carnival festivities.
